

Sonja O'Malley has over 20 years of experience in healthcare information technology and is an advocate for inventors and entrepreneurs. Prior to joining Cleveland Clinic Innovations, Sonja was responsible for managing the global life sciences client portfolio at a subsidiary of Wolters Kluwer. Sonja's work has spanned clinical laboratory medicine as a MT (ASCP), consulting in the health care practice of Andersen Consulting, directing the process improvement practice within a health insurance organization, and building multiple startups as an early employee. Sonja is a certified PMP from the Project Management Institute and has a BS in medical technology from Miami University and an MBA from the Weatherhead School of Management at Case Western Reserve University.
