

**Rehan Waheed, MD**  
Physician Executive, Physician Alignment

### **Meet Rehan**

Dr. Rehan Waheed is a Physician Executive in Cerner's Physician Alignment Organization. He is an advocate for action, leverages knowledge from other industries, and is a proponent of value-based patient centered health care leveraging health information technology. He inspires leaders to embrace innovation and helps build agile teams. His approach to create value is to focus on people and process first and then incorporates technology for optimization and automation towards the ideal.

### **Leadership experience**

Prior to joining Cerner, Dr. Waheed was a Sr. Director in the Department of Integration & Transformation (DoIT) at The MetroHealth System, a large county health system. He was an Assistant Professor at Case Western Reserve University's School of Medicine and also served on the Executive Council for MetroHealth N.E.T. Prior, he served as a Sr. Consultant for Better Health Partnership leading system and region wide health care improvement projects. He also was a Medical Officer at the Louis Stokes Cleveland VA Medical Center.

### **Accomplishments**

In his leadership roles, Dr. Waheed has formed and inspired diverse teams with members from one or multiple health systems which have produced multi-million dollars of value through their initiatives. He designed and delivered the Transitions of Care curriculum in the Center of Excellence in Primary Care at the VA. In his last role, he brought Cognitive Automation to ambulatory operations, a first of its kind implementation.

Dr. Waheed is a graduate of The University of Akron and has a Bachelor of Science in Natural Sciences. He completed his Doctorate of Medicine at Northeast Ohio Medical University. He did his Internal Medicine Residency at MetroHealth Medical System / Case Western Reserve University (CWRU). He also has his Lean Six Sigma Black Belt, Informatics Certificate, and Emotionally Intelligent Leadership Certificate from CWRU Weatherhead School of Management. Prior to joining Cerner, he was an Assistant Professor at CWRU. Currently he is adjunct faculty at Baldwin Wallace University's School of Health Science.
